

Godfrey Wilson is an award-winning charity-specialist practice in Bristol. Having built a reputation as a leading provider of audit and accountancy services to small and medium-sized charities, we now work with over 200 charities in Bristol and nationally. Due to sustained growth and some exciting new client wins, we are looking to expand our audit team at the Audit Senior level.

The role would suit a recently qualified auditor who is looking to take the next step in their career, or an experienced auditor looking to work with a more values-driven firm. As a rapidly growing firm, we can offer excellent career progression opportunities and are particularly keen to hear from people who are keen to progress to Manager level within a year or two.

A passion for charities is essential – it runs through the heart of everything we do. At Godfrey Wilson, an audit isn't just about ticking boxes, it's about using our skills to make a difference: strengthening governance, identifying efficiencies and challenging embedded practices. Our work helps our charity clients to grow and evolve and ultimately to become more effective.

You will be joining a firm that values and rewards its people. You will receive a competitive salary and pension alongside a comprehensive package of benefits and wellbeing initiatives: from flexible and remote working options, generous annual leave, healthcare membership, Employee Assistance Programme, and performance-related bonus schemes.

Above all, you will get to work with inspirational charity clients and like-minded colleagues who are passionate about making the world a better place.
